

Pin Board and Wall Decor Installation Instructions

Mumble Pin Boards and Wall Décor are sold with or without a peel and stick backing. Please choose your option for easy to follow installation instructions.

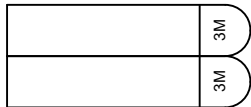

Option 1: No Peel and Stick Backing.

Before Installation, make sure wall surface is clean and clear from dust.

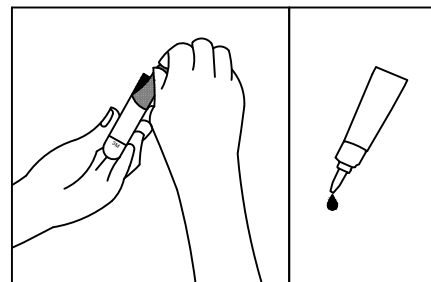

Temporary installation

1. You will need to purchase 3m picture hanging strips or similar.

2. As the pinboard surface is porous is it recommended to glue the hanging strips to the back of the pinboard to ensure the pinboard/wall decor does not fall off the strip. This can be done with a super glue/ Epoxy type glue – something suitable for plastics.

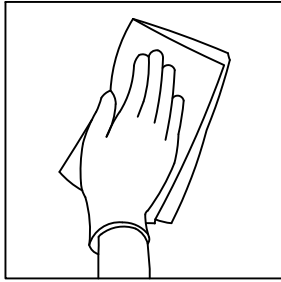

3. Once the glue has cured and the strip is securely glued to the back of the pinboard/wall decor. You can follow the picture hanging strips instructions as normal.

Permanent Installation

1. Using a construct glue such as Liquid Nail or Selley's Quick Grip.
2. Follow the glue manufacturer's instructions

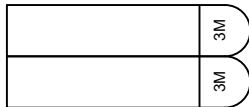

Option 2: Peel and Stick Backing.

Before Installation, make sure wall surface is clean and clear from dust.

Temporary installation

1. **Do not peel off the peel and stick backing** as this adhesive is for permanent installation only.
2. You will need to purchase 3m picture hanging strips or similar.

3. Follow the picture hanging strips instructions as normal.

Permanent Installation

1. Peel off the paper backing to reveal sticky backing.
2. Position the pinboard/wall decor as desired and press firmly.
3. Your pinboard is ready to use.
